ANU College (ANUC) is the English language and academic pathway provider for ANU, one of Australia’s highest ranked universities and amongst the world's best. ANU College is located in a newly refurbished building on the ANU campus. It is easily accessible by public transport with a bus stop at the front entrance, and only a 10-minute walk from the city centre of Canberra.

Canberra, the national capital of Australia, is located in the Australian Capital Territory (ACT). The city is home to 380,000 residents, is recognised as one of the best planned cities in the world and is where Australia's highest ranking university, the Australian National University, is located.

The high-quality education available in Canberra, together with the convenience of a modern city and the pristine natural environment, offers students a healthy and safe place to concentrate on their studies.

Public Transport

Canberra has an excellent public bus system servicing all of the ACT which is provided by the ACT Internal Omnibus Network (ACTION). ANU College students have a choice of buses to take, including one that stops directly in front of the College. Information on routes and timetables is available from the ACTION bus website: action.act.gov.au

ANU College students are able to receive a student discount when taking public transport in Canberra.

Cost of Living

As a guide, students should allow approximately AU$18,610 per year to cover accommodation, food and additional expenses such as transport, phone and internet use.

English for Academic Purposes

Students at Intermediate level and above may be considered for the English for Academic Purposes (EAP) course which prepares students for study at the ANU College foundation program. The preparation will include:

★ Reading academic material;
★ Understanding lectures;
★ Expressing the understanding of ideas through speaking and writing;
★ Thinking critically about ideas heard and read

EAP does not provide a direct entry access pathway to ANU. EAP must be packaged with the ANU College Foundation Studies program.

ANU College Foundation Studies

The ANU College Foundation Studies program is an excellent pathway into ANU. The courses provide students with the appropriate academic preparation for their intended ANU degree program. Upon successful completion of the Foundation Studies program, and subject to meeting the ANU entry requirements, entry to the student’s chosen undergraduate degree program is guaranteed.

Program structure

ANU College offers two Foundation programs – Standard and Extended. The standard program assigns students to an academic stream according to their indicated future ANU degree pathway. This ensures all necessary prerequisites and ‘assumed knowledge’ courses are completed before articulation to the University. The Extended program is for students who require a little more academic and English language preparation before commencing their tertiary level studies.
