Image: Visit Canberra
Subjects in the Foundation Studies program are fascinating and thought-provoking. They are designed to improve students’ critical thinking skills, which, I think, are most important for university studies.

Canberra offers everyone who lives here a peaceful but exciting life, and there are lots of things to do with your friends in Canberra!”

Andrew, Myanmar
Foundation Studies student
Welcome

Vice-Chancellor
Excellent teaching is at the heart of what The Australian National University (ANU) does and it is something we are proud of.

When you arrive at ANU College, you’ll be welcomed as one of the ANU family. We have a large number of international students from across the world who study a wide range of degrees.

The pathways open to you through ANU College can lead to great success at ANU, like so many other students have experienced. Come and join Australia’s national university.

Brian P Schmidt
Vice-Chancellor
The Australian National University

Head of College
ANU College is in a unique position to prepare students for study at The Australian National University, one of the world’s leading higher education institutions.

At ANU College, students are able to develop their linguistic and academic skills, as well as the specialist knowledge needed to excel at university. We are very proud of the outcomes of our students as they become confident, curious and capable learners, ready to move into the next phase of their academic journey.

I look forward to welcoming you and to ensuring that you have every opportunity to succeed and to enjoy your time at this beautiful campus.

Fiona Mueller
Head of College
ANU College

ANU is 19th in the QS World University Rankings 2015/16
Why ANU?

ANU is the number one university in Australia*. ANU was founded by the Australian Government in 1946 to apply the best minds to the biggest questions and advance Australia’s international standing. ANU has grown to become one of the world’s leading research-intensive centres of higher learning.

The University is consistently ranked in the top 50 universities in the world by a range of international measures, and 95% of broad-field research and 91% of specific discipline research at ANU is rated above world standard or well above world standard by the Australian Government’s Excellence in Research for Australia initiative. ANU scholars lead global thinking on issues of national and international significance, and students go on to become leaders in their home countries and on the world stage.

Life on campus
ANU has a beautiful, landscaped campus offering all the convenience of a small town. Union Court is the hub of university life, with eateries, cafés, specialty shops and services.

Life off campus
There are plenty of outstanding restaurants and cafés on campus and in the city. As the national capital, Canberra is home to world-class galleries and museums, with new exhibitions opening throughout the year. Many students find that cycling is a cheap and environmentally friendly way of getting around the campus and the city.

Why study at ANUC?

The College is the English language and academic pathway provider for ANU.

Academic excellence and personalised support
- ANUC graduates generally perform better in their ANU degree programs than other international or domestic students.7
- ANUC equips students with the high level of academic and research skills required for progression to this world-class university.
- Facilities are on the ANU campus.
- Students have the opportunity to experience university life and meet Australian and international students.

- Most ANUC academic staff hold postgraduate qualifications and have international teaching experience.
- Guaranteed entry to ANU degree programs upon successful completion of the ANUC Foundation Studies program. (Subject to meeting ANU entry requirements).

Links to ANU
- ANU academic colleges organise special seminars, which are tailored to give you, as an ANUC student, greater insight into ANU programs.
- Sharing the ANU campus gives you greater opportunities to attend university seminars during your ANUC program.
- As an ANUC student you are provided with access, by the city of Canberra, to national institutions, including the Australian Parliament, the National Library of Australia and the National Gallery of Australia.

From our 2014 graduating class†, more than 90% of ANUC Foundation Studies students received an offer (or conditional offer) to ANU.

* QS World University Rankings 2015/16
7 Foundation Studies Review 2008 and 2013
† Graduating in semester 2, 2014
Canberra is rated the world's most livable city* by the OECD

City facts
Canberra is the national capital of Australia, located in the Australian Capital Territory (ACT) with a population of 386,000 (Sept 2014).
The city will provide you with a healthy and safe place to concentrate on your studies.

Urban hub
Possibly the best way to see the inspiring design of the city is by hot air balloon - a Canberra experience not to be missed. Surrounded by nature reserves and parklands, the city has earned the moniker the ‘bush capital’.
You can easily get around Canberra using the many walking trails, bike paths or excellent public transport links to see all the city has to offer. You will discover multicultural festivals, museums, galleries, restaurants and cafés, as well as a picturesque countryside all on your doorstep.
With all the natural beauty surrounding the city, it’s easy to forget that Canberra offers the same vibrant, cosmopolitan lifestyle that city living provides.

Sports lovers
Canberra’s climate is perfect for participating in and watching a variety of sports at one of the many excellent public facilities and sporting events.
If you are interested in skiing, the Snowy Mountains are a two hour drive from Canberra, making weekend trips to the snow easy and convenient.
For those interested in other sports, there are many world-class facilities, including:
• Canberra Stadium, primarily used for rugby league and rugby union games
• Manuka Oval, a historic venue for cricket and Australian Football League (AFL)
• The Australian Institute of Sport provides world class facilities for visitors to tour and watch sports including: football, athletics, swimming, netball, basketball and tennis.

Getting to Canberra
Transport to Canberra from Sydney is available by air, rail or bus.
• Sydney Airport International to Canberra Airport - 50 minutes by air
• Sydney Airport International and Domestic to Jolimont Centre in Canberra CBD - 3 hours by bus
• Sydney Central Station to Canberra Railway Station - 4.5 hours by rail - 3 hours by bus

* OECD Regional Wellbeing study, October 2014
Canberra is filled with national museums, tourist attractions, historical sites and many natural wonders. The city offers a unique blend of modern facilities, a pristine natural environment and high-quality education.

Canberra?

Getting to the city
If you are arriving by plane you can take a taxi or bus to the city. The Canberra Airport Express shuttle bus offers services daily during peak periods. Taxis are available from the taxi stand at the airport and a trip to the city will cost approximately AU$30.

Public transport
Canberra has an excellent public bus system servicing all of the ACT. You will have a choice of buses to take to ANU, including one that stops directly in front of the College.
You will also be eligible for a student discount when taking public transport in Canberra. Information about routes and timetables is available at action.act.gov.au

Average maximum temperatures
Canberra has four distinct seasons and is well known for having outstanding autumnal colour, clear blue skies in winter, a kaleidoscope of flowers in spring and very warm, dry summers.

Average temperature (celsius / fahrenheit):
- Summer - 27 / 80.6 degrees
- Autumn - 20 / 68 degrees
- Winter - 12 / 53.6 degrees
- Spring -19 / 60.2 degrees
You can choose from a range of accommodation options, but we recommend at least a short residence in homestay accommodation to help you adjust to your new surroundings.

**Your home away from home**

**Canberra greeting service**
We can arrange for you to be met on your arrival in Canberra to be taken to your pre-arranged accommodation.

For bookings: greeting@anucollege.edu.au

---

**Homestay accommodation**
A homestay experience offers a supportive family-style environment to help you adapt to life in Canberra and Australia. The minimum period of homestay is four weeks.

**Australian Homestay Network**
ANUC contracts the Australian Homestay Network (AHN) to provide safe, welcoming and quality accommodation. All AHN families are trained to assist you with:
- Settling into your new community
- Understanding Australian culture
- Everyday conversational skills including English and ‘Aussie’ words and phrases
- Buying transport tickets, finding the local shops, banking, internet and mobile phone services and personal safety tips.

As an AHN homestay student, you will be provided with:
- A supportive family environment and home to live in
- A clean furnished room (this includes items like a bed, desk, wardrobe, chair and a study lamp)
- Meals (optional) and accommodation (including utilities)
- Ongoing support for you and your hosts
- AHN 24/7 professional phone support
- AHN Contents Insurance for you and your hosts as per AHN Insurance Policy homestaynetwork.org/public/ahninsurance
- All AHN homestay families associated with ANUC have been screened by AHN, and are required to undertake a thorough registration process. This includes training, police checks, personal interviews and home-inspections in order to provide a high level of service and comfort to the student.

To book, please contact homestaynetwork.org
Other accommodation options
We can help you to find your new home.
For accommodation advice, please contact - student.support@anucollege.edu.au
For information on ANU campus accommodation – rcc.anu.edu.au
For private rental accommodation in Canberra – allhomes.com.au/ah/act/rent-residential
For share house accommodation in Canberra – allhomes.com.au/ah/act/share-residential
Please note: ANU College cannot vouch for the quality or authenticity of accommodation advertised on these websites.

Students under 18
If you will be under 18 when you arrive, you will need to live with an AHN homestay family and must also have a professional caregiver or guardian. Professional caregiver services can be arranged through Professional Student Care (pscaustralia.com.au), or International Student Alliance (studentguardians.com). Or you can live with a Department of Immigration and Border Protection (DIBP) approved relative.
If you are a student visa holder currently enrolled in another institution in Australia, you are required to inform ANUC at least three weeks prior to the commencement of your program that you require the College to make the necessary welfare arrangements.

Guaranteed accommodation
ANU guarantees accommodation in one of their Halls, Colleges, Lodges or other approved accommodation for students who are:
• over 18 in the Foundation Studies and Diploma programs, commencing in February
• graduating Foundation Studies students who have not taken the option earlier
While accommodation is guaranteed, ANU cannot ensure your preference.
For more information visit anu.edu.au/study/accommodation/accommodation-guarantee

I have so much love for my current house now! It’s a 10-minute walk to Canberra Centre, one of Canberra’s biggest shopping centres, and a 5-minute walk to the hippie neighbourhood of Lonsdale. Also, it is only a 15-minute walk and 5-minute bike ride to ANU. It’s so convenient, so close to everything!”

Bella, Indonesia
ANUC student
What

Great Canberra location
ANUC is on the ANU campus, so you can interact with Australian and international students from around the world. The ANUC building is only a 10-minute walk from Canberra city-centre, giving you easy access to many attractions, shopping centres and other services.

Facilities and services
By choosing to study at ANUC, you will benefit from facilities and services including:
- purpose-built classrooms with computing facilities
- a comfortable student common room with kitchen facilities
- quiet study and ICT resource areas

Health and safety
ANU has a dedicated team of students who volunteer as UNISAFEGUARD Escorts. This free service complements the regular UniSafe Bus service offered by ANU.

Please refer to facilities.anu.edu.au/services/anu-security/safety-initiatives for further information.
ANU students come from all over the world, creating a diverse and vibrant on-campus community where you can make lifelong friends.

will life be like?

Events and social activities
ANUC offers a number of interesting and enjoyable sightseeing, sporting and cultural activities, with social events organised throughout the year. These events help you to get to know your classmates and teachers, and to meet Australian students studying at ANU.

These activities and events include:
• BBQs
• themed days
• sports

Support from the day you arrive
On your orientation day, ANUC will give you important information about your program, to help you adjust to your new academic environment.

Academic support
ANUC incorporates supervised self-directed learning into all programs. This provides another opportunity for you to receive individual academic support and advice. Teachers are available to guide you on study strategies and cross-cultural issues that may arise while studying in Australia. Advice is also available on matters such as balancing study and personal commitments.

Student welfare support
ANUC has two dedicated Student Support Officers who provide assistance and referrals for non-academic matters. If you have issues with accommodation, personal, medical, or legal issues, or anything else, you can see a Student Support Officer.
The Student Support Officers also work closely with individuals or groups of students identified as requiring additional support, such as students aged under 18, to ensure a smooth adjustment to college life.

Access to ANU services and facilities
As an ANUC student, you can get involved in the many clubs and societies held in and around campus. You will have access to many of the University’s services and facilities, such as the:
• Medical Centre
• counselling services
• libraries
• Careers Centre
• Disability Services Centre

Over 5,000 international students from more than 30 different countries study at ANU*

* ANU 2013 student statistics
Foundations of success

Choose from a range of English language and academic pathway programs that are right for your academic level and the ANU degree you plan to study.

Foundation Studies (page 16)
Each pathway in the Foundation Studies program has been created to offer a route into the first year in one of many degree programs, across different subject areas. This program is designed for high school students aged 16 and over who require additional academic preparation and to further develop their English language skills in an academic environment.

ANU Diplomas (page 28)
With pathways to IT and Arts these programs are designed for students who have completed high school, and possibly another year of study, but have not achieved the required grades for direct entry or need further English language training. By successfully completing this program you can enter the second year of a range of degree programs.

ANU Express (see page 26)
A fast-track plan for high-achieving students, this program covers a broad range of subjects to give access to many degree programs at ANU. A focus on research helps to prepare highly qualified students for academic life and success on a shorter timescale than the Foundation Studies program.

Academic English Preparation (AEP) (page 34)
AEP is available from 2016. This program has been created to help students advance their proficiency in using English in academic settings and to develop the study skills needed for university.

Access English (page 32)
ANU Access English is a 10-week intensive course with a strong focus on Academic English designed to equip international students with the academic skills and knowledge required to transition successfully to postgraduate and undergraduate courses at ANU.

We offer a range of programs designed to prepare you to succeed at ANU.

What’s involved?
Students enrolled in ANUC programs are provided with excellent resources for their work. Helpful and experienced academic staff are on hand to assist in their studies. As well as the timetabled lessons, students have supervised study time, during which they coordinate their own learning and assignments. Please note that this is only available to students in English courses and the ANUC Foundation Studies programs.
Studying in the ANU College was a 3 in 1 advantage for me. I got to learn new things such as citing and referencing. I even got to make friends with people from all around the world. With that, I learnt a lot more about their cultures, beliefs and also a bit of their native language.

Finally, ANU College has this type of special study environment where it makes you feel more at home than at school. The teachers and staff there are very lovely and caring. Even after College, they still keep in contact with me.”

Azwin, Malaysia
ANUC graduate, current ANU student
Foundation Studies

The ANUC Foundation Studies programs provide excellent pathways to ANU. The programs are designed to provide students with the academic preparation for their intended ANU degree.

Foundation Studies Standard
The ANUC Foundation Studies Standard program comprises of nine courses:

- Academic English
- Advanced Academic English
- Computer Applications
- Six academic content courses.

Students are assigned to an academic stream according to their indicated future ANU degree.

What does a week look like?
- Computer Applications runs once each week, for two hours
- English courses run four times each week, totalling eight hours
- Academic courses run twice a week, totalling four hours
- Two hours per week of supervised study time.

Students must achieve a minimum of 50% in all courses to be eligible to progress to Semester Two.

Foundation Studies Extended
The ANUC Foundation Studies Extended program comprises the following courses in the first semester, all of which are compulsory:

- Foundation English
- Language of Mathematics
- Communication Studies
- History Makers.

What does a week look like?
- Foundation English runs five times each week, totalling ten hours
- Other courses run twice a week, totalling four hours each.

A minimum grade of 60% in each course is required to continue into Semester Two. The second and third semesters of the program follow the same structure and progress rules as the Foundation Studies Standard program.

Assessment
You will be assessed throughout the program and in the end-of-semester final examinations. Students must pass final examinations in order to pass each course.

The assessment tasks used in Foundation Studies courses encourage the development of a range of skills. Assessment tasks may include listening and reading comprehension exercises, essays and reports, oral presentations and group discussions, research projects, mathematical and scientific calculations and laboratory work. There is a strong focus on critical thinking, problem-solving and analysis.

Entry to Foundation Studies Standard or Foundation Studies Extended is based on academic and IELTS results.

It is recommended that students allocate at least the equivalent amount of time for class preparation, homework, assignments and self-study for each course they are enrolled.

Pathways to ANU

FS Standard Semester 1 → FS Standard Semester 2 → FS Extended Semester 1 → FS Extended Semester 2 → FS Extended Semester 3 → The Australian National University

Upon successful completion of the Foundation Studies program, and subject to meeting ANU entry requirements, entry to your chosen undergraduate degree program is guaranteed. Depending on your academic qualifications you can study Foundation Studies Standard (2 semesters) or Foundation Studies Extended (3 semesters).
How are entry scores to ANU calculated?

Successful completion of ANU Foundation Studies occurs when a student passes all enrolled courses. Entry to ANU occurs when a student successfully completes the program, achieves a minimum grade of 65% in Advanced Academic English and meets the grade point average set by ANU for entry to each degree program.

For students planning to enter degree programs in the College of Law or College of Business and Economics, entry scores will be calculated based on the combined grade average of all six degree pathway-related academic courses.

For students planning to enter degree programs delivered by all other Colleges (Physical and Mathematical Sciences, Arts & Social Sciences, Engineering & Computer Science, Asia and the Pacific), entry scores will be calculated based on the combined grade average of their top five academic courses.

Computer Applications and Academic English course grades are not included in this calculation; however, passing these courses is a requirement for successful completion of Foundation Studies. Foundation Studies Extended Semester One courses are also not included in the ANU entry grade calculation.

Scholarships

ANU College of Business and Economics

International Merit Scholarship.

Each year the ANU of Business and Economics may award up to two half-tuition fee (50% for one semester) sponsorships to eligible ANU College Foundation Studies students. Students must accept an offer of degree study in the ANUC of Business and Economics to be eligible.

The Scholarship is highly competitive and is awarded to students based on their overall academic performance in the ANUC Foundation Studies program.

For full details, refer to cbe.anu.edu.au/students/study-with-cbe/scholarships/undergraduate-scholarships/

2016 Course Dates

Foundation Studies Standard
- 15 February
- 18 July

Foundation Studies Extended
- 21 March
- 3 October
**Foundation academic streams and courses**

Upon successful completion of the program and subject to meeting ANU’s entry requirements, entry to the student’s chosen undergraduate degree program is guaranteed. Core courses are indicated below in bold. For full course descriptions, please see p.20.

### Arts & Social Sciences

**Asia & the Pacific**

**Semester 1**
- Academic English
- Computer Applications
- Critical Thinking & Reasoning
- Key Moments in Western Civilisation
- Australian Studies

**Semester 2**
- **Advanced Academic English** and 3 of
  - At least 1 of, 2 if desired:
    - Twentieth Century History
    - Legal Studies
    - Politics
  - At least 1 of, 2 if desired:
    - Economics
    - Linguistics
    - Psychology

### Business & Economics

**Semester 1**
- Academic English
- Computer Applications
- Critical Thinking & Reasoning
- Algebra
- Accounting

**Semester 2**
- **Advanced Academic English**
- Calculus
- Economics
- Statistics

### Engineering & Computer Science

**Semester 1**
- Academic English
- Computer Applications
- Critical Thinking & Reasoning
- Algebra
- Accounting

**Semester 2**
- **Advanced Academic English**
- Calculus
- Economics
- Statistics

### ANU undergraduate degrees

**Arts & Social Sciences**
- E.g. Bachelor of Arts, Bachelor of International Relations, Bachelor of Classical Studies, Bachelor of Policy Studies, Bachelor of Criminology, Bachelor of Latin American Studies, Bachelor of European Studies, Bachelor of Environmental Studies, Bachelor of International Security, Bachelor of Pacific Studies

**Business & Economics**
- E.g. Bachelor of Actuarial Studies, Bachelor of Business Administration, Bachelor of International Business, Bachelor of Economics, Bachelor of Finance, Bachelor of Commerce, Bachelor of Statistics

**Engineering & Computer Science**
- E.g. Bachelor of Engineering (Hons), Bachelor of Advanced Computing (Hons), Bachelor of Advanced Computing (Research & Development) (Hons), Bachelor of IT, Bachelor of Software Engineering (Hons)

*Physics is a compulsory course for Engineering students.*
**Academic streams**

Academic staff are available to assist you with advice when choosing your academic stream. Which stream you choose depends upon the degree you intend to study at ANU. Details below:

---

**Law**

- **Semester 1**
  - Academic English
  - Computer Applications
  - Critical Thinking & Reasoning
  - Key Moments in Western Civilisation
  - Australian Studies

- **Semester 2**
  - Advanced Academic English
  - At least 2 of, or 3 if desired:
    - Twentieth Century History
    - Legal Studies
    - Linguistics
    - Politics
  - 1 of, if desired:
    - Economics
    - Psychology

**ANU undergraduate degrees**

Bachelor of Laws (Hons)

---

**Sciences+**

- **Semester 1**
  - Academic English
  - Computer Applications
  - Critical Thinking & Reasoning
  - Algebra
  - Chemistry (or Physics)

- **Semester 2**
  - Advanced Academic English
  - Any three of:
    - Australian Studies
    - Calculus
    - Psychology
    - Statistics
  - One of the following, if approved by Head of Program:
    - Biology
    - Chemistry
    - Physics

**ANU undergraduate degrees**

E.g. Bachelor of Science, Bachelor of Science (Resource and Environmental Management), Bachelor of Psychology (Hons), Bachelor of Biotechnology, Bachelor of Genetics, Bachelor of Medical Science

---

Please note: Some courses may not be offered in a given semester.
Courses

Foundation Studies (Extended)

Communication Studies
Communication Studies introduces students to some of the theories, forms and functions of communication. The subject focuses on such concepts as verbal and non-verbal communication, film and media and the impact of the IT revolution. Students will take part in oral presentations and analysis.

Foundation English
The Foundation English course is designed to equip international students with the skills and knowledge needed to progress effectively to Academic English and Advanced Academic English which are offered in the second and third semesters of the Foundation Studies Extended Program. This subject is designed to provide opportunities for students to improve their grammar. Students will also prepare summaries and basic essays, developing their reading, listening, speaking and note-taking skills through a variety of sources.

History Makers
The course is designed to equip international students with the skills and knowledge needed to progress effectively to the Arts and Social Science subjects offered in the second and third semesters of the Foundation Studies Extended Program. The overarching theme of the Foundation Studies Extended History course is ‘Human Rights’. This course provides a chronological study of the people and ideas that have influenced the world’s civilisations, including ideas and documents from individuals such as Plato, Rousseau, Gandhi, Thomas Jefferson and Martin Luther King.

Language of Mathematics
The Language of Mathematics course assists students to become confident users of the language of Mathematics and mathematical concepts. This subject is designed to provide a historical context in which to gain an understanding of influential and interesting mathematicians and the legacy of their work.

Foundation Studies (Standard)

Academic English
The Academic English course is designed to equip international students with the skills and knowledge needed to transition successfully to the Advanced Academic English course and then to a first year university program. Guided by the National Standards for Foundation Programs, this course enables all students to develop their listening, reading, writing and discussion skills in an academic context.

Accounting
This is an introductory course that builds a student’s understanding of the purposes of Accounting, what an accounting system is, what major financial reports look like and how accounting information is used in business decisions. It takes theoretical concepts and applies them to real world scenarios, and encourages students to develop their language skills in a business context.

Advanced Academic English
Guided by the National Standards for Foundation Programs, this course will broaden students’ appreciation of the sociocultural and sociolinguistic elements of Standard Australian English and will enable students to refine their listening, reading, writing, discussion and presentation skills. Students will explore and develop different perspectives by analysing and evaluating a range of text types, responding to ideas, learning to take and defend a position and using scholarly material to produce high-quality written and spoken English.

Algebra
This course provides a detailed study and application of equations and inequalities, graphs and various functions. Topics include sequences and series, mathematical induction and binomial theorem.

Australian Studies
This course is intended to help international students to gain an understanding of some of the people, ideas and events that have shaped Australian society. This historical journey requires students to explore a range of socio-cultural, political, economic and environmental issues.

Biology
This course is designed to equip students with the skills and knowledge needed for an effective transition to a Biology major. The course covers the structure and function of cells and multicellular organisms, cellular processes and mechanisms that ensure the continuity of life, the processes and mechanisms governing heredity and population gene pool changes, and evolution and diversification of life on Earth. Students will acquire numeracy and language skills and practical experience in laboratory work.

Calculus
This course presents Calculus in a concise and meaningful way so that students can understand mathematical concepts and their connections to real-world problems and challenges. Students will receive an introduction to numerical analysis including L'Hopital's Rule, continuity, differential calculus and integral calculus. All techniques are illustrated with mainstream applications in pure, applied and social sciences.
After studying Foundation Studies, you will be ready to join the first year of an undergraduate degree at ANU

Chemistry
This subject will provide the student with the basic principles of chemistry, covering a range of topics, including: classification of matter, simple atomic structure, kinetic theory of gases and gas laws, understanding the periodic properties of the elements, chemical equilibria and introduction to organic chemistry. There is an emphasis on problems involving calculations in this course and all students must own and be familiar with a scientific calculator.

Computer Applications
This subject is designed to provide students with the computer applications skills required for academic success in both their current studies and future university pathways. Core modules include word processing, spreadsheet and presentation skills using MS Office. Additional modules are chosen to support students’ academic assignments in Foundation Studies, and may include website design, databases, algorithmic problem solving or other relevant topics. Particular emphasis is given to online research and the effective use of academic referencing tools.

Critical Thinking and Reasoning
This course aims to develop the thinking skills necessary for successful analysis and evaluation of arguments through instruction in patterns of reasoning, informal logic, and analysis of texts. By the end of this course, students should be able to analyse and evaluate weak and sound arguments, identify common faults in reasoning and suggest counter arguments.

Economics
This subject is for Foundation Studies students intending to study an undergraduate course at the ANU College of Business and Economics. Students learn how economic theory can be applied to current events and issues, such as climate change and the global financial crisis, and how to present an argument making use of economic reasoning and statistical evidence. The course covers concepts such as supply and demand, economic growth, inflation and international trade.

Key Moments in Western Civilisation
The course provides a chronological study of the origins and nature of some important aspects of Western Civilisation including ideas and beliefs from the ancient world of Socrates and Plato, to twentieth century America and Martin Luther King. The course will focus on many historical periods, including the Roman Empire, the Middle Ages, the Renaissance, the Victorians and the American civil rights movement.

Legal Studies
This subject is designed to prepare Foundation Studies students for first year undergraduate study, particularly in humanities or law-related disciplines. Students will learn how to construct a legal argument, resolve legal issues, conduct legal research, and express a point of view. Topics include an overview of the following: access to justice, legal systems around the world, criminal law, international law, environmental law, and technology and the law.

Linguistics
The purpose of this course is to demonstrate diverse aspects of language by using various areas of study, such as phonetics, phonology, morphology, syntax, semantics and pragmatics. The course is aimed at students enrolled in either ANU Express or the final semester of the Foundation Studies Program and requires a sophisticated command of the English language from those wishing to enrol.

Physics
This course is designed to equip international students with the skills and knowledge needed for an effective transition to a physics major. The course introduces students to the fundamental laws of classical mechanics and electromagnetism. Students will gain an understanding of the concept of energy and its transformations associated with motion in electric, magnetic and gravitational fields and will use algebraic as well as graphical representations to calculate, analyse and predict measurable quantities related to motion, gravitational effects and electromagnetic phenomena.

Politics
This subject provides a general introduction to politics as one key aspect of social organisation. Students are introduced to various definitions of politics and governance and are expected to investigate and analyse the evolution of political systems around the world. There is a strong focus on current political developments.

Research Methods (ANU Express students only)
This course introduces students to the set of skills required to actively participate in university lectures and tutorials and to effectively prepare and competently execute academic writing tasks and research projects. During the first part of the course, students will be introduced to essential academic skills, including effective reading, listening and note-taking strategies, summarising, academic composition and referencing and citation. In the second part of the semester, students will be given the opportunity to further develop these skills by completing two pieces of academic writing - a research project and an essay. This will include a close focus on literature review and associated academic research skills.

Statistics
Algebra is a pre-requisite for this subject. Students are introduced to the terminology and processes of first year university statistics courses. Topics include graphing distributions of qualitative and quantitative variables, working with density curves and normal distributions, sampling, experiment design and probability.

Twentieth Century History
This course examines major global events, the causes and effects of World War I and World War II, the decline of empires and the end of colonialism. Specific areas of study can include the economic impact of the Great Depression and the changing status of women around the world. This course may also examine some of the economic and environmental issues that pose challenges for governments and international organisations.
Foundation Studies

Entry to the program is dependent on the ANUC English language and academic entry requirements. This information is intended as a guide only and is subject to change without notice. For the most current information, please visit anucollege.edu.au

Applicants should be advised that assessment is on the basis of the highest qualification attempted and/or achieved. The University reserves the right to alter or discontinue its programs as required. The scores published should be used as a guide only and the University may vary these requirements at any time.

Note:
1. Students must be at least 16 years old for the Foundation Studies Extended Program and 17 years old for the Foundation Studies Standard Program upon course commencement.
2. Students intending to study at ANU are required to be at least 17 years of age by the first day of the commencing semester.
3. Further details on ANU's Admission Policy for students under the age of 18 can be found at: policies.anu.edu.au/ppl/document/ANUP_000366
I think ANU College provides a splendid pathway program. The teachers are always keen to help students. The program is designed according to the students’ careers. I am very confident to achieve my goals in university because ANU College has prepared me to face the challenges. I feel great being part of ANU College."

ANU Express

Pathway to ANU

ANU Express is designed for students who have just missed out on receiving an offer for direct entry to ANU.

The ANU Express program is offered by ANU and taught at ANUC. The program is a one semester (17-week) pathway into ANU. The courses offered in the ANU Express program have been specially designed to provide you with the appropriate academic preparation for your intended ANU degree program.

More information about the ANU Express program can be found at:
anucollege.edu.au/courses/pathway-to-university/anu-express

or an equivalent qualification recognised by ANU

Entry to ANU

You will successfully complete the ANU Express program when you pass all the enrolled courses. You can enter ANU when you complete the program and meet the grade point average set by ANU for entry to your chosen degree program. This average is calculated from the four academic course grade totals (6 units each).

ANU Diploma of Computing

The ANU Diploma of Computing is designed for students who are interested in studying a Bachelor of Information Technology at ANU. The diploma will provide you with a sound grounding in all the basic requirements for success in a degree in information technology, including Mathematics, Information Systems and Computer Science.

Course Structure and Content
You are required to complete 48 units of study over two semesters of nineteen weeks each.

The following courses are compulsory:
- ANUC1100 Introduction to Programming and Algorithms
- ANUC1710 Web Development and Design
- ANUC1110 Introduction to Software Systems
- ANUC2400 Relational Databases
- ANUC1101 Professional Communication
- ANUC1001 Business Information Systems
- ANUC1003 Algebra and Calculus Methods
- ANUC1005 Discrete Mathematical Models

Once you have met the program requirements of your degree, you may have enough electives to complete an additional elective major, minor or specialisation.

Progression
You will be eligible to enter the second year of the Bachelor of Information Technology at ANU when you successfully complete the ANU Diploma of Computing.

Successful completion is achieved by receiving no more than one fail or incomplete grade and achieving a GPA of at least 4.0 out of 7.0. You will then receive 48 units of credit status.

To achieve a GPA of 4.0 you must maintain a pass average of 50%, or better, in your Diploma program.

The Bachelor of Information Technology
Look around, Information Technology (IT) is everywhere - your TV, laptop, gaming system, mobile phone, watch, music, movies and your next concert tickets. It is changing the way we live, learn, work and even socialise. If you are interested in driving this exciting revolution, within a truly global and fast-changing industry, then the ANU Bachelor of Information Technology is for you.

The transition from the Diploma to the Bachelor will allow you to complete a Bachelor of Information Technology after only two additional years of study for the following majors:
- Computational Foundations
- Computer Engineering
- Human-Centric Computing
- Information Systems
- Information-Intensive Computing
- Intelligent Systems
- Software Development.

*ANU Diploma of Computing is 2 semesters. Each semester is 19 weeks.
ANU Diploma of Liberal Studies

The ANU Diploma of Liberal Studies is designed for students who are interested in studying a Bachelor of Arts at ANU. The diploma will provide a strong basis from which to progress into the second year of a Bachelor of Arts.

Course Structure and Content
You will be required to complete 48 units of study over two semesters of nineteen weeks each. The following courses are compulsory:

- ANUC1101 Professional Communication
- ANUC1102 Culture and Human Diversity
- ANUC1104 Introduction to Social Psychology
- ANUC1105 Introduction to International Relations: Foundations and Concepts
- ANUC1106 Indigenous Peoples, Populations and Communities
- ANUC1107 Logic and Critical Reasoning
- ANUC1108 Terror to Terrorism: A History
- ANUC1109 Close Encounters: How to Read Literature

2016 Dates
15 February
18 July

Progression
You will be able to progress into the second year of the Bachelor of Arts when you successfully complete the ANU Diploma of Liberal Studies. To do this you will receive no more than one fail or incomplete grade and achieve a GPA of a least 5.0 out of 7.0. You will then receive 48 units of credit status.

To achieve a GPA of 5.0, you must maintain a credit average of 60%, or better, in your Diploma courses.

The Bachelor of Arts
The Bachelor of Arts is the most diverse, flexible, and popular degree at ANU. An Arts degree will provide students with core skills in critical analysis and in written and oral communication, while developing adaptability and the ability to help shape change and prepare for a multifaceted career or further study.

The transition from the Diploma to the Bachelor will allow students to complete a Bachelor of Arts after only two additional years of study for the following majors:

- Anthropology
- Criminology
- Development Studies
- English
- History
- International Relations
- Philosophy
- Political Science
- Sociology

The ANU College of Arts and Social Sciences at ANU is number 12 in the QS World University Rankings by Faculty 2015/16.

Diploma of Liberal Studies CRICOS Course Code: 085903G. This course will be delivered by Study Group Australia Pty Limited trading as ANU College on behalf of The Australian National University.

ANU Access English

This course will help you improve your English language skills in an academic setting and to develop the study skills needed for university.

ANU Access English is a 10-week intensive course designed to equip international students with the academic skills and knowledge required to transition successfully to courses at ANU.

Course Content
ANU Access English consists of 20 hours per week of face-to-face classroom instruction, with 12 hours per week dedicated to reading/writing components and 8 hours per week to listening/speaking components. In the ANU Access English course, you can expect to improve your:

- Research and critical thinking skills
- Academic reading and writing skills, including how to write an annotated bibliography and an academic essay
- Listening and note-taking skills, including how to make notes in lectures
- Presentation, discussion and teamwork skills, including how to deliver an oral presentation, how to participate in tutorial discussions and how to work on group projects.

Entry Requirements
To directly enrol in the course, you must have an overall IELTS Academic score of 6.0 with a minimum band score of 5.5 in each skill. Students who successfully complete AEP 4 can also enter the course.*

Progression Requirements
ANU Access English provides direct entry to ANU when you achieve an overall grade of 60% or above.

2016 Course Dates
- 7 March – 20 May 2016
- 18 April – 1 July 2016
- 4 October – 16 December 2016
- 14 November – 3 February 2017

*Applicants are advised that assessment is on the basis of the highest qualification attempted and/or achieved.
The University reserves the right to alter or discontinue its programs as required. The scores published should be used as a guide only and the University may vary these requirements at any time.
The most difficult part about studying in English would be to write an academic essay or report. Before coming to Australia, I'd never written an essay, let alone writing in English, thus, there is a lot for me to learn. Other than that, studying in English isn't a big problem for me. The classes are easy to comprehend and most of the materials are always well provided, so there isn't much difficulty in learning in English.”

Alanna, Taiwan ROC
ANUC student
AEP

Academic English Preparation

Pathway to ANUC Foundation Studies, ANU Diplomas and ANU Access English

Students at intermediate level and above may be considered for the Academic English Preparation (AEP) which prepares students for direct entry to the ANUC Foundation Studies program, ANU Access English course, and to ANU and ANU Diplomas.

Each 10-week period of study in AEP is designed to prepare you for further study at ANUC and then ANU. Preparation will include:

- Reading academic material
- Understanding lectures
- Expressing understanding of ideas through speaking and writing
- Thinking critically about ideas heard and read.

You must achieve a score of 60% or above to successfully complete each level of AEP. No additional IELTS is required to progress to the ANUC Foundation Studies program or the ANU Access English course.

Entry Requirements

- You must be at least 16 years old when commencing the course*
- You must have a minimum IELTS Academic Score of 4.5 (Minimum 4.0 in each band)**

2016 Course Dates

Students entering with IELTS 4.5 / 5.0 / 5.5

- 25 January
- 7 March
- 18 April
- 30 May
- 11 July
- 22 August
- 4 October
- 14 November

* Students intending to study at ANU are required to be at least 17 years of age by the first day of the commencing semester. Further details on ANU’s Admission Policy can be found at: policies.anu.edu.au/ppl/document/ANUP_000366

** Applicants should be advised that assessment is on the basis of the highest qualification attempted and/or achieved. The University reserves the right to alter or discontinue its programs as required. The scores published should be used as a guide only and the University may vary these requirements at any time.

</table>
| Living costs in Canberra
Canberra is an affordable study destination with a high standard of living, but lower costs than Sydney or Melbourne. Like any other city, your living costs in Canberra will vary according to your needs, lifestyle choices and spending habits. As a guide, students should allow at least $18,610 per year to cover accommodation, food and additional expenses such as transport, phone and internet use. All costs are in Australian dollars (AUS) and may vary based on your lifestyle.

Accommodation
- Homestay: $190-$330 per person per week
- Rental: $351-496 per person per week

Other living costs
- Meal, inexpensive restaurant: $15
- Fast food meal: $9.00
- Cappuccino (regular): $4.20
- Groceries: $100 per week
- ACTION bus tickets – MyWay\° Concession (peak): $1.45
- Movie tickets (Student): $15.00
- Basic utilities per month (electricity, heating, water, garbage): $248.20
- Internet per month: $70.00

Student Services and Amenities Fee (SSAF)
ANU applies a Student Services and Amenities Fee (SSAF). This is charged for the continued enhancement of university services made available to ANUC students. This once-only fee is payable when confirming enrolment in an ANUC program/course.
- ANUC Foundation programs: Standard & Extended $145
- Academic English Preparation (AEP): $36.25
- ANU Access English: $36.25

Overseas Student Health Cover (OSHC)
All International students are required to maintain OSHC for the duration of their student visa. Students are required to purchase “Visa Length Cover” which will be outlined on your offer letter and payable with the initial tuition fees. Discounts apply for cover greater than 12 months. For further details on the fees associated with OSHC please refer to anucollege.edu.au

For the full information on our preferred provider Allianz Global Assistance OSHC, please visit oshcallianzassistance.com.au
